

Villa dans Mijas Costa

795 000 €

Référence: V2042AP Chambres: 4 Bain: 4 Terrain: 1 025m² Construite: 220m²

Localisation: Mijas Costa

The energy-saving projects can be created in just 6 months. Different types of villas in different locations from Euro 779.000. These prefabricated villas are equipped with the latest technology to guarantee an energy certificate with an A rating. E.g. underfloor heating and air conditioning with heat pump systems (Aero-Thermal), a revolutionary wall composite that guarantees thermal and acoustic insulation and security glass with both solar gain and acoustic treatment. High-end finishings and materials throughout. Kitchen and bathrooms are equipped to a high standard. The construction takes only 6 months. We will be happy to inform you on site about the construction projects, prices and plots.
