A new concept of housing that will make a difference. It has transformable interiors to enjoy the stay in a unique space. We go beyond the classic open concept of living room, kitchen and dining table. We added the space of the main room, through sliding walls, with the aim of obtaining the greatest possible feeling of spaciousness through a greater width of the spaces. Without forgetting the guaranteed sea views, privacy, large terraces and sustainability.

Homes with wide customization possibilities according to your tastes and needs. End of work scheduled for before the summer of 2024.

The common areas include everything one could wish for. Sculptural pergolas, design main hall with the possibility of a concierge, welcoming tours through green areas, coworking area, pilates room, large gym with the latest technologies, sauna, Turkish bath, heated pool, massage room, utility room multiple, terraces with bar service, covered and uncovered solarium and large outdoor pool among others.

The Dior brand has been chosen to furnish the gymnasium with the most advanced high-end equipment. This is an exciting choice, available only to a select few - our clients who will live in the most exclusive residential complex on the Costa del Sol.

A unique concept, where you can enjoy a luxurious environment built to the highest standards and with excellent infrastructure. A myriad of services and facilities ensure superior enjoyment of life and an ideal working environment. A thoughtful and carefully designed concept that is realized in the ideal location and perfectly in line with the natural surroundings. Not just fantastic living, but a new lifestyle, ultimate luxury in a perfect location.

More than 60 golf courses are within an hour's drive. Such a rich offer cannot be found anywhere in Europe. And all this in a cosmopolitan and bustling environment with numerous activities such as sailing, polo, horse riding and various water sports. Live your life to the fullest.

Previous collections in this complex sold out very quickly. Prices rose during construction. We hope the same applies here. A price increase during construction immediately means a good return.
